Capitol Dual Recorder

Dual Recorder on USB, DVB-T tuner and multimedia player. It can record 2 programs simultaneously and also play a video from a USB device while it records a program on another USB device. You can also watch 1 DVB-T channel while you record another DVB-T channel. As a multimedia player it can play the most important Audio (MP3?), video (MPEG4, Xvid?) and photo (JPEG?) formats. It has two SCART connectors and a Digital audio output for a connection with your Home Cinema system.
